

SCOPE OF SERVICES:

- Medical Transcription Services: Traditional, EHR & Narrative Placeholder
- Revenue Cycle Management: Complete Medical Billing Services
- Medical Scribe Services: Virtual & Onsite services

MISSION STATEMENT:

"We believe that improved health data management is a major foundational pillar of improved patient care. MDS of Kansas is dedicated to high standards and use of best practices in providing health information documentation solutions to clients as well as preparing specialists for the future healthcare documentation industry."

COMPANY HISTORY:

MDS of Kansas, LLC, (MDS), founded in January 1991 by Donella Aubuchon, is well known as a premier provider of high-quality medical document services. MDS is a medical document service company located in the heart of the Midwest providing medical billing services, medical transcription services, and medical scribe services. MDS is a strategic partner and VAR with Azalea Health offering EHR software solutions. Ms. Aubuchon's entrepreneurial spirit has led to an outstanding company and expansion into new areas of service in the healthcare documentation industry.

APPROVALS | MEMBERSHIPS:

- MDS is a Strategic Partner/VAR with Azalea Health, a leading provider in cloud-based EHR.
- MDS is a Certified Woman Owned Business through NWBOC.
- MDS is a previously Certified Academic Partner with the American College of Medical Scribe Specialists (ACMSS). Our education programs were approved through the Kansas Board of Regents.

CUSTOMER EXCELLENCE:

With reliability and determination to wow customer expectations, MDS has built a trusted name in the industry. Anticipating client needs, focused attention to detail, and assisting clients in maneuvering through the rapidly expanding and changing medical documentation industry has helped MDS grow and prosper. *MDS builds on more than 33 years of healthcare documentation experience, exceeding customer expectations.*
